## Eyes Wide Shut

Artworks by Maria Shapranova

A collective exhibition including ten female artists from the UAE, Iran, Armenia, Ukraine, Palestine, Egypt, Syria, Lebanon and Kuwait, *Eyes Wide Shut* is a thought-provoking exhibition designed to challenge pre-conceived notions, inviting us to shift our perspectives and open our eyes to the realities of our contemporary world. Comprising painting, collage, video and installation, artists belonging to three different generations including Sawsan Al Bahar, Afra Al Suwaidi, Amani Al Thuwani, Khawla Almarzooqi and Maria Shapranova all tell their own personal stories while shedding light on pressing issues such as cultural and gender identity, interpersonal relationships and sociopolitical dynamics. This is one that will most definitely get the brain in gear. *Eyes Wide Shut* will run until 12 August at Firetti Contemporary Gallery, Alserkal Avenue, Dubai. [Buy Tickets](#)
