 SEP 01, 2022 - NOV 25, 2022 + Save to calendar

The GRAND TOUR, was a fabulous, and now legendary, journey taken by our ancestors to track the visible memories of the cultural heritage which was part of their identity.

Firetti Contemporary is pleased to announce the opening of The Grand Tour: A photographic journey in Italy.

For the first time in the United Arab Emirates, forty vintage photographs and four original albums by the most prominent photographers working in Italy between 1850 and 1890 will be exhibited, allowing viewers to experience the beauty and grandeur of Italy's scenic history. Attendees will enjoy the nostalgia of "must-see" tour destinations in famous cities such as Milan, Venice, Florence, Rome, Naples, Pompeii, Palermo, Taormina, and others.

Curated by Michele Bonuomo and Mara Firetti, the exhibition will include the great works of legendary photographers such as Alfred Noack, Carlo Naja, Leopoldo Alinari, Giacomo Brogi, Alphonse Bernoud, Edmond Behles, Robert Rive, Giorgio Sommer, and Gioacchino Altobelli, James (Domenico) Anderson, Robert MacPherson, Giacomo Caneva, Antonio, and Paolo Francesco D'Alessandri, Giovanni Crupi, Giuseppe Incorpora, Wilhelm Plüschow, Wilhelm von Gloeden, and Achille Mauri.
